*I'm In the
Land of
True*
&

Welcome to Our Corner of the West

As the owner of Crossed Sabres Ranch in the heart of the Shoshone National Forest, it is my privilege to welcome you to Cody Yellowstone.

When you visit our wild Wyoming destination, you're invited to smell, see, taste, touch, and hear an authentic lifestyle that's been cherished by generations of Americans. It's the fresh scent of mountain air. The golden glow of aspen trees at sunset. The rich flavor of an open-fire chuckwagon dinner. The silence of untouched nature. And the warm breeze as you explore by horseback.

— *Kenny Long, Owner, Crossed Sabres Ranch*

Buffalo Bill Cody was proud of this amazing landscape and culture. Like him, we're dedicated to sharing it with anyone who wants to experience it—even if it's just for a little while.

So come on by. Learn the ways of the Old West. Fish in pristine blue ribbon trout streams. See the iconic sights of Yellowstone National Park—just eight miles from our ranch's door. Create your own unforgettable adventure.

We love it here. It's wild. It's Western. It's where we want to be. And we can't wait to share it with you.

Every Season Brings Wonders

Cody Yellowstone is a true year-round destination.

SUMMER

Summers here are legendary: star-spangled Fourth of July celebrations, Wild West Spectaculars, and nightly rodeo action. The lesser-traveled seasons of winter, spring, and fall also offer opportunities to create lifelong memories in Cody Yellowstone.

WINTER

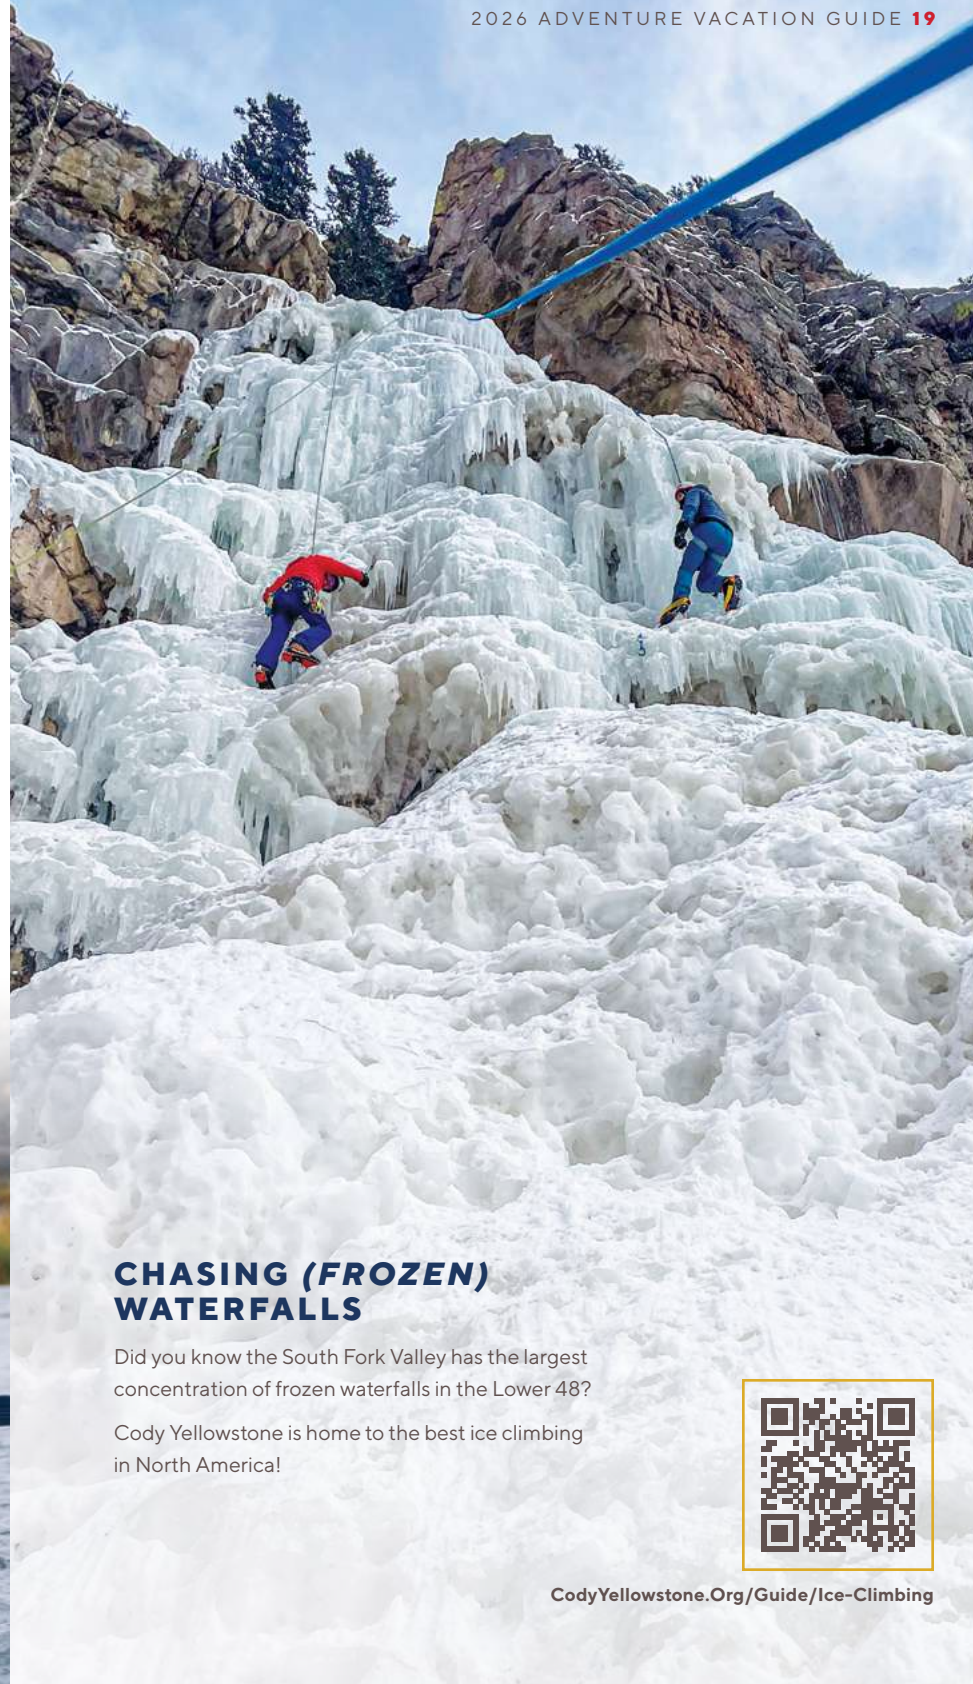

A season of magic. When the landscape freezes over, cross-country skiing, snowmobiling, and ice skating all heat up. Snowmobile through fresh powder into the East Gate of Yellowstone. Listen to howling wolves and watch them run across snow-covered terrain. If wildlife is what you're looking for, visiting in winter practically guarantees you'll see it all.

SPRING

Calling all baby animal lovers! This is your best shot to see wildlife in its cutest form coming from the East Gate. Calves from bison, elk and moose, bear cubs, and lambs from bighorn sheep are most abundant this time of year.

FALL

See the big creatures (bears, elk, moose, and bighorn sheep) prepare for winter and move into the lower valleys. Hear the lovelorn songs of bull elk as they search for mates during rutting season—a unique experience to say the least!

CHASING (FROZEN) WATERFALLS

Did you know the South Fork Valley has the largest concentration of frozen waterfalls in the Lower 48?

Cody Yellowstone is home to the best ice climbing in North America!

His work draws on the culture of Wyoming, making truffles flavored with sarsaparilla, prickly pear cactus, bourbon, and beer. Tasty and intriguing in equal measure!

JOURNEY THROUGH THE PHOTOGRAPHIC PAST

RODEO CAPITAL OF THE WORLD

If there's one can't-miss activity here, it's the Cody Nite Rodeo. Since 1938, the toughest riders and roughest bulls have tangled every summer night. It's the perfect way to cap off your evening in the Rodeo Capital of the World.

FEEL AT HOME ON THE RANGE

When it's time for some rest, head back to the cozy accommodations of a guest or dude ranch. While past explorers slept under starlit skies, our ranches offer old-school charm combined with the comforts of today. We've got more than a dozen ranches where you can spend your days horseback riding, fishing, and hiking. Guest ranches are flexible accommodations where you can come and go, while dude ranches offer all-inclusive stays.

The Story of the Untamed West

Wild adventures have always taken place here. The town of Cody was founded by legendary cowboy showman Buffalo Bill Cody, who conceived his world-famous Wild West Show here.

There are over 40 sites in and around Cody Yellowstone that are on the National Register of Historic Places.

Walk in the footsteps of history in charming downtown Cody. Visit the award-winning Buffalo Bill Center of the West, where five museums weave together history and myth, art and Native culture, firearms, and the nature and science of Yellowstone.

Experience real cowboy culture at the Cody Nite Rodeo, which has been running every night in the summers since 1938. Feel the spirit of the land in nearby Meeteetse, one of the oldest settlements in Cody Yellowstone.

Native American tribes, including the Shoshone, Crow, Arapaho, and Sioux, flourished in the region. Many arrowheads, tipi poles, and buffalo skulls have been discovered here, painting a picture of the history of the area.

Mountain men like John Colter and Jim Bridger survived the elements and explored these unmapped territories.

When you're here, you're surrounded by the legacies of those who came before you. Visit Cody Yellowstone and explore our living history.
